5. Committee comments:
  - a. A discussion ensued about Share-of-the-Road (sharro). Sharro refers to markings on the road for bicycles and cars, designed to help them know that they are sharing the road. The Wayfinding Committee appreciates them as a wayfinding tool and intends to work with the Bike & Pedestrian Committee to use them effectively. Linda suggested that this Committee compile a list of tools, including a glossary with names for all of the signs. Chuck made a motion to ask the City Manager to contact Oregon State Parks to connect two mixed-use paths by painting sharros on the South Jetty Road to connect the mixed-use path where it ends at SW 26<sup>th</sup> St. to South Beach State Park's mixed-use paths which begin east of the restrooms at the end of South Jetty Road.
  - b. The Committee was surprised when a new sign appeared at the corner of SE Marine Science Drive and Ferry Slip Road. Linda made a motion that in the future, the Wayfinding Committee be consulted when wayfinding changes are made in the City of Newport.

- c. The importance of a City Council member being present at the meetings was discussed.
6. Next agenda:
- a. Continue discussion of comprehensive plan with all of its parts.
  - b. Look at the map spreadsheets presented by Frank, dated 10/5/16, and name it.
